Injury Management Checklist

Initial Response

□ Administer first aid
□ Accompany injured employee to your selected medical provider
□ Report incident within company
□ Notify family if a serious injury
□ Assign responsible person to follow claim

First day

□ Report to claim handler outside company (insurance company or third- party administrator)
□ Determine, on a preliminary basis, whether the injury is industrial or personal
□ Is it a mandatory OSHA reportable injury, must report any employee fatality within 8 hours and any amputation, loss of an eye, or hospitalization of an employee within 24 hours.
□ Counsel employee and/or family on claims procedures, available benefits, company's continuing interest in employee's welfare, etc.
□ Follow up with the employee or family

First week

□ Coordinate payment of initial benefits
□ Determine if incident is OSHA recordable and place on logs if warranted
□ Connect with treating physician to learn diagnosis and treatment plan
□ Evaluate whether medical rehabilitation is necessary or appropriate
□ Arrange a modified duty assignment to accommodate restrictions
□ Forward employee's email if warranted
□ Continue communication with injured employee and/or the family

First month

□ Use a "wellness" approach (cards, phone calls, visits) to continue to reinforce company's concern
□ Reevaluate treatment plan based on new medical information
□ Update return-to-work plan
□ Continue communication with injured employee and/or the family

Ongoing (at minimum every 4-6 wks)

□ Continually reevaluate treatment plan
□ Consider medical examination by independent physician (IME), if warranted
□ Update return-to-work plan
□ Continue communication with injured employee and/or the family
